

CVBC TATTOO IDENTIFICATION PROGRAM INSTRUCTIONS

In 1987, the College of Veterinarians of British Columbia adopted a province wide Tattoo Identification Program. The program's benefits have been obvious and have resulted in the return of animals to their owners and goodwill for the veterinarians involved.

Vancouver Island already had a pre-existing tattoo program before 1987 and their listing is included in this book. Codes are no longer added to the Vancouver Island listing as only one list is now being maintained for the entire province.

BRITISH COLUMBIA TATTOO CODES – instructions for tattooing in correct sequence

- i) The individual animal identification number is assigned and recorded by the facility placing the tattoo.
- ii) The hospital code is 2 to 3 pre-assigned letters found on the following list.
- iii) The year codes are as follows:

L	2001	R	2005
M	2002	S	2006
N	2003	T	2007
P	2004	V	2008
W	2009	X	2010
Y	2011	Z	2012

The ability to reunite pet and owner depends upon the tattoo code being entered in the universal order stated near the top of this page

Note: The letters D, I, O, Q, and U have been purposely excluded from the above list.

Example: 123 DB V 123 for the individual animal
DB for the facility (Dunbar Veterinary Hospital, Vancouver)
V for the year (2008)

123 AAH V 123 for the individual animal
AAH for the facility (Yale town Pet Hospital, Vancouver)
V for the year (2008)

The right ear is the preferred site for the tattoo.

THESE CODES MUST BE IN THE ABOVE ORDER TO BE CORRECTLY INTERPRETED!

VANCOUVER ISLAND TATTOO CODES – for use with the Vancouver Island pre-existing tattoo code list

This method is obsolete.

- i) The facility code was **1 or 2** pre-assigned letters found on the attached list.
- ii) The individual numerical designation was assigned and recorded by the facility placing the tattoo.
- iii) The year codes are as follows:

M	2002	R	2005
N	2003	S	2006
P	2004	T	2007
V	2008	W	2009
X	2010	Y	2011
Z	2012		

Note: Some practices on Vancouver Island may have continued to use the previous year code system ie: D = 1989, E = 1990 and so on. The letters D, I, O, Q and U have been purposely excluded from the above list.

Example: D 123 V D for the facility (Island Veterinary Hospital, Nanaimo)
123 for the individual animal
V for the year (2008)

RE 123 V RE for the facility (Elk Lake Veterinary Clinic, Victoria)
123 for the individual animal
V for the year (2008)

The right ear is the preferred site for the tattoo.

All veterinarians and shelters in the province should be able to identify the practice facility which placed the tattoo. Each practice facility should be able to identify the animal from its individual number. Returning the animal to its owners should then be straightforward.

With regard to the Privacy Act, owners that choose to participate in the tattoo program waive their right to their contact information remaining confidential in the sole circumstance of identifying an animal tattooed under this program. Other practice facilities as well as an agency that has statutory authority such as the SPCA may contact your facility to obtain the telephone number for the owner of a lost pet. This contact information should be released in accordance with the Bylaws (Code of Ethics, S. 91, Disclosure of Information) to assist with reuniting the pet and owner. If you do not wish to provide this information, instead of refusing to release the information, obtain the facility's name and telephone number and contact the owners to inform them of their pet's location.

If you choose to participate, the tattoo that is put on the pet should have a number of your choice as the animal identification code, the assigned practice code and the year code. This program does not supersede Canadian Kennel Club and American Kennel Club tattoo numbers but may be more useful as it is not restricted to purebred dogs and the practice codes are not confidential.

The CVBC encourages your participation in this program. If you have any further questions regarding the program or the necessary tattooing equipment, please call the CVBC Office at 604-929-7090 or Dr. Lafleur through the CVBC Office.
